eFunds is a totally separate third party company that handles electronic funds transactions just like PayPal. Do note that both LunchBox and eFunds are third party companies that are not owned or operated by La Canada USD. We merely link to their websites to access their services.

This is the welcome screen for eFunds. If you have already created an eFunds account, you can go ahead and enter your Login information. Otherwise, you will need to create a new account and associate a payment method with it (either a checking account or a credit card). Begin by Clicking the link under New Users to “Register Here”.

You can bookmark this page so you can go directly to eFunds later and check your children’s balances and add funds directly.

Once you have confirmed your choices, your eFunds account will be all set up and you will be able to transfer funds to your child(ren)’s accounts immediately.

Do note that there may be a 24-48 hour delay between when your eFunds get entered and when they show up in the Lunchbox program. Funds deposit transactions are processed at the end of each day, and it may take an additional day for the data to be transferred to the school sites.
