Dr. Jarrett Gold
9/12 Assistant Principal

Dear Parents of 7-12 Science Students,

The La Canada Unified School District has approved a laboratory donation for all 7-12 students taking a science class. The purpose of this donation is to cover expendable laboratory supplies that are used during instruction by students. These supplies include live and preserved plant and animal study specimens, chemicals that are used, equipment replacement due to breakage, etc.

The 7th and 8th grade program donation is \$15.00 per year while the 9th – 12th grade program is \$20.00 for *each* science class taken for the year. You may donate to the science lab class by writing a check to LCUSD-Science. Please place the check or cash in an envelope which should be given to the science teacher. Indicate the science teacher's name, the name of the class (7th, 8th, geology, etc.), and your student's name on the envelope and/or memo line of the check.

Lab experimentation is a vital portion of our science curriculum and this donation is greatly appreciated. Thank you for helping to maintain one of the best Science Departments in the nation.

Sincerely,

Mark Ewoldsen, Ph.D.

Mark Ewoldsen, Ph.D.
Chairperson Science Department

Approved for Distribution
